

MOTION BY SUPERVISOR GLORIA MOLINA

June 20, 2006

AMENDMENT TO ITEM NO. 110F

Today we will consider the renewal of a contract obligation for the Sheriff's Department. This is the only opportunity in the next ten years that this Board will have to consider how this particular contract impacts the department's overall staffing needs and their ability to meet those needs. While this particular contract calls for 30 deputies now, we know that Metrolink plans to expand its services in the near future, which undoubtedly will require more sworn personnel.

Additionally, this contract illustrates the potential impact of granting the Sheriff delegated authority to expand any existing contracts without oversight from this Board.

I, THEREFORE, MOVE that the renewal of the Sheriff's contract with the Southern California Regional Rail Authority for Metrolink law enforcement services be approved for only six months, in order to give the Board of Supervisors the opportunity to assess overall staffing needs of the department, in light of the intended reorganization and expansion of our custody operations and the needed enhancement of unincorporated patrol.
